

## Lake Erie Fisherman Collection Guide

Dates: 1983-1984

**SUMMARY OF MATERIALS:** The Lake Erie Fishermen Collection was compiled by Timothy Lloyd and Patrick Mullen from 1983 to 1984 in northern Ohio. The collection includes interviews with 20 individuals, thirty 90-minute TDK cassette tapes, 35 sheets of negatives, 35 contact sheets, 725 slides, 393 black-and-white photographs, 131 pages of logs of 16 interviews, 746 pages of transcription from 25 interviews, one hardcover book. A secondary collection includes one binder of 52 CDs of audio material and three DVDs of audio material digitized from the cassette tapes.

**FINAL REPORT:** Forty-five pages in a black folder with metal fasteners. The final report includes the report itself, black and white photocopies of photographs, photocopies of regional maps, and a transcript of an interview of Lewis Keller that was conducted by Pat Mullen. Please note that some of the text pages are double-sided while others are not.

**MISCELLANEOUS:** Second set of Lake Erie transcripts compiled into two volumes created with black folders with metal fasteners. The first volume contains a brief and general overview with ideas for narrative themes of the project. There are also some very brief log notes for some of the interviews.

Book One contains the following transcripts:

**SECONDARY COLLECTION:** One cd binder containing fifty seven compact discs and three dvds. Fifty two compact discs contain interviews in mp3 format digitized from thirty cassette tapes. Each audio cassette tape was digitized onto approximately two compact discs although some cassettes only required one compact disc. Audio recordings on the compact discs have been divided into five-minute tracks for easier access to excerpts. Three dvds contain all the audio cassette material in .wav format. The remaining compact discs contain unprocessed raw digitized slides, photos, and word documents.
